

John H. Rundback, M.D., FSIR, FSVMB, FAHA

1) Date of Preparation of C.V.: February 2011

2) Academic Training

College: CUNY Brooklyn College
Seven-year BA-MD Program
Phi Beta Kappa, Magna Cum Laude
Bachelor of Arts with Honors, Chemistry, 1983

Medical School: SUNY Downstate Medical Center, M.D., 5/83-5/87

3) Medical Training

Internship: Transitional Internship, 6/87-6/88
St. Vincent's Hospital and Medical Center
New York, New York

Residency: Diagnostic Radiology Residency, 7/88-6/92
Chief Resident, 1991-1992
Beth Israel Medical Center
New York, New York

Fellowship: Interventional Radiology Fellowship
Washington Hospital Center, Washington, D.C.
7/92-6/93

4) Board Qualification

Diplomate, American Board of Radiology, June 1992
Certificate of Added Qualification, Angiography and Interventional Radiology,
February 1995, recertification January 2006

5) Professional Organizations and Societies

Society of Cardiovascular and Interventional Radiology
(Fellow of the Society – October 2001)
American Heart Association (Fellow – December 2003)
Society of Vascular Medicine and Biology (Fellow – January 2006)
Radiological Society of North America
American College of Radiology

N.Y.S. Roentgen Ray Society
Cardiovascular and Interventional Radiology Society of Europe

6) Academic Appointments

College of Physicians and Surgeons of Columbia University
New York, N.Y.
Director of Clinical Research, Vascular and Interventional Radiology
Associate Professor of Clinical Radiology, August 2001 – August 2005
Adjunct Associate Professor of Clinical Radiology, August 2005 – present

New York Medical College
Valhalla, N.Y.
Associate Clinical Professor of Radiology and Surgery, February 2000 – August 2001
Director of Clinical Research, Vascular Health Center
Assistant Professor, April 1995 – August 2001

7) Hospital and Professional Appointments

Managing Partner,
Advanced Interventional Radiology
Services, LLP
Director, Interventional Institute
Holy Name Hospital
Teaneck, NJ
August 2005 – present
Partner, Manhattan Interventional
Radiology, LLP, 2009-present
Managing Partner, Hudson
Interventional Radiology, PC, 2010-

Lawrence Hospital
Bronxville, N.Y.
August 2001 – August 2005

Westchester Medical Center
Valhalla, N.Y.
April 1995 – August 2001

Medical Director,
Vascular Access Center Jersey City,
2010 –

Danbury Hospital
Danbury, CT.
June 2000 – August 2001

Associate Attending Radiologist
New York Presbyterian Hospital
New York, N.Y.
August 2001- July 2005

Muhlenberg Hospital Center
Bethlehem, Pa.
July 1993 – February 1995

8) Honors and Appointments

- Patient Safety Committee, Holy Name Hospital 2009-present
- Cancer Committee, Holy Name Hospital 2008-present
- Credentialing Committee, Holy Name Hospital, 2009-present

- Board of Directors, Society of Interventional Radiology Foundation 2000-2009
- Founder and Network Chair, Society of Interventional Radiology Foundation Cooperative Alliance for Interventional Research Clinical Trials Network (CAIRR) 2003 – 2009
(projects developed: Trans Atlantic Asymptomatic Carotid Intervention Trial, Venous Thrombolysis v. Medical Therapy Trial, Evaluation of Ovarian and Endometrial Function after Uterine Artery Embolization, Research Consensus Panels completed on Skeletal Interventions and Interventional Oncology)
 - Moderator, Research Consensus Panels for Skeletal Interventions, Lung Interventional Oncology, Liver Interventional Oncology, Uterine Artery Embolization, Venous Interventions, CV Imaging, IVC filtration
 - Chair, Peripheral Arterial Disease Research Consensus Panel 2008
- Division Councilor, SIR Foundation Clinical Trials Division 2004 – 2009
- Member, American College of Cardiology Carotid Expert Consensus Document Development team, 2005 – 2006
- Member, Agency for Healthcare Quality and Research (AHRQ) Technical Expert Panel for development of evidence based recommendations for renal interventions
- Editorial Board, Journal of Vascular and Interventional Radiology, 10/04 – present
- Editorial Board, Catheterization and Cardiovascular Interventions, 9/06 – present
- Editorial Board, Endovascular Today, 6/06 – present
- Examiner for 2004 ABR VIR Certificate of Added Qualification examination
- Chairman, SCVIR / CIRREF Research Committee 2000-2003
- Columbia Presbyterian Medical Center Radiology Sadek K. Hilal Faculty Research Award, 6/2003
- Chairman, Johnson & Johnson Cordis Endovascular CYPHER Advisory Board (Peripheral Drug-eluting stent program), 2001-2003
- Member, Peripheral Vascular Advisory Board, Medtronic, 2001-2003
- Member, Scientific Advisory Board, Boston Scientifics Corp, Cryovascular Inc, 2002-2003
- Member, Advisory Board – The Medicines Company, 2003
- Member, SCVIR Subcommittee to Define Complications and Success
- SCVIR Technology Assessment Committee (TAC)
- Chair, SCVIR TAC working group on reporting standards for renal interventions
- Chair, AHA writing group on renal revascularization reporting in clinical trials
- AHA Peer Review Study Group Member
- SCVIR/FDA Device Forum Committee
- ACRIN Ablation Therapy Workgroup
- American Heart Association Council on Cardiovascular Radiology
- American Heart Association Atherosclerotic Vascular Disease Working Group on Pathophysiology
- Research and Technology Assessment (RTA) Committee, Commission on Interventional and Cardiovascular Radiology, American College of Radiology
- Member, Interventional Radiology Ad Hoc Committee of the New York State Radiological Society, Inc.

- Member, CSC Subcommittee for the Practice Guidelines for the Performance of Angiography, Angioplasty, and Stenting for the Diagnosis and Treatment of Renal Artery Stenosis
- Member, Clinical Events Committee – Cordis/Quantum AAA trial

Active Consulting Work

- Chair, Data Safety Monitoring Board (DSMB) – VPI Excell Tibial Stent Trial
- Member, Data Safety Monitoring Board (DSMB) – Angiotech Paclitaxel Vascular Wrap in Hemodialysis Graft Trial
- Member, Data Safety Monitoring Board (DSMB) – EV3 “DURABILITY” SFA stent trial
- Scientific Advisory Board – Flowmedica Inc. (now Angiodynamics)
- Scientific Advisory Board – Rafael Medical
- Scientific Advisory Board – ev3 Inc.
- Scientific Advisory Board – EKOS Inc.
- Consultant – Medtronic Renal Stent Trial Development and Iliac stent trial
- Consultant – Invatec Inc. (Now Medtronic)
- Consultant – ev3 antirestenosis strategy group (Now Covidien)
- Consultant – Biosphere (Now Merit)
- Medical Advisory Board – HeartHealthyWomen.Org

9) Grant Support and Research Activities

Active:

1. US Principal Investigator, Medtronic Iliac Stent Trial
2. Site PI, CHOICE trial, Abbot PMS carotid stent trial
3. Site PI, Trivascular AAA trial
4. Principal Investigator (Chair, Executive Committee) – Trans Atlantic Asymptomatic Carotid Intervention Trial (TACIT). Collaborative NIH RO1 and European Union Grant Application currently in preparation. Three arm pivotal trial evaluating best medical therapy, carotid stenting and carotid stenting in all risk asymptomatic patient with >80% ICA stenosis.
5. Clinical Outcomes in Renal Artery Lesions (CORAL) trial – 3/2004 NHLBI RO1
Member, Steering Committee
Chair, Interventional Management Committee
Principal Investigator, Holy Name Hospital

Completed:

1. U.S. Principal Investigator, CVR002, Phase I/II Trial Of ABI-007 (Albumin Nanoparticle Paclitaxel) For The Prevention Of Restenosis Following Revascularization Of The Superficial Femoral Artery
Sponsor: American Biosciences
IND number: 63,082

2. Site Principal Investigator. SafeFlow IVC Filter Trial. Sponsor: Rafael Medical
3. Hemodynamic Effects and Target Renal Parenchymal Damage during Protected Renal Angioplasty Using a Temporary Occlusive Device in a Pig Model of Renal Artery Stenosis. Supported by a grant from Medtronic, Inc.
4. Site Principal Investigator. Accelerated Arterial Thrombolysis with Alfimiprase. Sponsor: Nuvelo
5. Principal-Investigator – RENAISSANCE Genesis Renal Artery Stent Trial, Boston Scientific Inc. Sponsor
6. Sponsor and Mentor – RSNA Medical Student Departmental Program Grant, "Acetic Acid pH Diffusion Mapping in an Ex Vivo Calf Liver Model", investigator Mr. Daniel Huang.
7. Sponsor Investigator – Percutaneous Acetic Acid Injection for the Ablation of Hepatic Malignancies, multicenter, IND # 59,478, supported by a grant from CIRREF
8. Principal Investigator – BEACH Carotid Stenting Trial, sponsored by Boston Scientific Inc.
9. Sponsor Investigator – Single Bolus TNKase Venous Thrombolysis Phase ½ Feasibility Trial (SBVT), #BB-IND 10018, multicenter, supported by a grant from Genentech Inc.
10. Sub-Investigator – Boston Scientific WALLGRAFT™ Endoprosthesis for Complex Iliac Stenosis and Occlusion Trial
11. Sponsor Investigator – High-Risk Carotid Artery S.M.A.R.T. Stent Registry, IDE # G990283 and G990283/A1
12. Sub-Investigator – Bard Impira covered hemodialysis access stent trial
13. Sub-Investigator – Intratherapeutics Renal Artery Stenting Trial
14. Principal Investigator – Cordis Covered Biliary Stent Trial
15. Principal Investigator – AVE Suboptimal Renal Angioplasty Registry (SOAR)
16. Principal Investigator – Bard Memotherm Iliac Nitinol Stent Trial (MINS)
17. Principal Investigator -- Evaluation of the Potential for Renal Salvage Using Percutaneous Transluminal Renal Angioplasty and Vascular Stenting, WMC
18. Principal Investigator -- Balloon Expandable Renal Stents for Renal Artery Stenosis, WMC
19. Co-investigator -- Genentech Peripheral r-tPA Thrombolysis Registry, Muhlenberg Hospital Center Sub-Investigator – Boston Scientific WALLGRAFT™ Endoprosthesis Aneurysm and Trauma Clinical Trial

10) Departmental and University Committees

- Cancer Committee, Holy Name Medical Center, 2007-present
- Credentialing Committee, Holy Name Medical Center, 2009-present
- Patient Safety Committee, Holy Name Medical Center, 2009-present
- Columbia-Presbyterian Vascular Service Line Executive Committee, 2004-2005
- Co-chair, Columbia-Presbyterian Vascular Service Line Quality Assurance Committee, 2004-2005
- Alternate Member, Columbia-Presbyterian Institutional Review Board, 2003-2005

- Resident Education Advisory Committee and Research Activities Subcommittee, NYMC, 1996-1997
- NYMC Committee for the Protection of Human Subjects (Institutional Review Board), 9/99 – 7/00
- WMC Research Protocol Review Committee, 8/98 – 7/00
- WMC Procedure Review Committee, 2/00 – 7/00
- Danbury Hospital Institutional Review Board, 7/00 – 8/01

11) Teaching Experience and Responsibilities

1. “Teacher of the year” award, NYMC Dept. of Radiology, 1995-1996, 1997-1998
2. Numerous annual didactic lectures to Radiology Residents and fellows, 1995-present
3. Board review courses for Vascular and Interventional Radiology, 1992- present (New York Medical College, Cornell Weill Medical Campus, St. Vincent’s Medical Center, Columbia Presbyterian)
4. Course Director – “Innovations in stroke prevention – new approaches to diagnosis and treatment”. Rye, NY, May 1999
5. Course Director – “Innovations in the peripheral and renal vascular disease – new approaches to diagnosis and treatment”. Rye, NY, October 1999
6. Course Director – “Innovations in women’s health and imaging”. Rye, NY, March 2000
7. Course Director – “Peripheral vascular disease: A practicum for primary care physicians”. Danbury, CT, November 2000
8. Course Director – Peripheral Arterial Disease: Clinical Decision Making And Practice Development, Teaneck, NJ, December 2006
9. Course Director – SIR Multimodality PAD meeting, Washington D.C., October 2007
10. Course Director – Vascular Medicine and Intervention 2 (VMI2), Newark, NJ, April 2008
11. Course Director – Self Assessment Module Course – Peripheral Arterial Occlusive Disease Perspectives on Diagnosis and Treatment – RSNA, December 2008, Chicago, IL

Presentations:

1. Aortic Graft Workshop - Speaking on IVC Filters: How to Place and Retrieve them Safely. Presented at CRT, February 2011
2. Primer to Endovascular Interventions - Re-entry Devices and Case Review. Presented at CRT, February 2011
3. Intermittent Claudication - Lower Extremity Arterial Imaging: The Role of CTA and MRA. Presented at ACCF, February 2011
4. Critical Limb Ischemia - Critical Limb Ischmeia: Below the Knee Endovascular Options. Presented at ACCF, February 2011
5. AAA Screening / Imaging / Diagnosis. Presented at ACCF, February 2011
6. DEBATE - CON: Medical Therapy Preferred over Endovascular Therapy to Preserve Renal Function in Ischemic Nephropathy. Presented at ACCF, February 2011
7. Stroke and Venous Thromboembolic Disease - Axial Imaging (CT/MR) of DVT or PE. Presented at ACCF, February 2011

8. Aortic Graft Workshop - Speaking on IVC Filters: How to Place and Retrieve them Safely. Presented at CRT, February 2011
9. Primer to Endovascular Interventions. Speaking - Re-entry Devices and Case Review. Presented at CRT, February 2011
10. Case Presenter – Coffee with the Experts: Dialysis Intervention. Presented at ISET, January 2011
11. Technical Considerations in Contemporary Peripheral Arterial and Venous Stenting – Speaker at Boston Scientific ISET Luncheon, January 2011
12. Radial Access for Dialysis Intervention (techniques and applications of radial access) Presented at ISET, January 2011
13. Who Benefits Today from Renal Stenting? (renal and visceral intervention) Presented at ISET, January 2011
14. Case Presenter - Coffee with the Experts: Tibial Interventions. Presented at ISET, January 2011
15. Subintimal Techniques for Tibial Arteries (critical limb ischemia) Presented at ISET, January 2011
16. Collaborative Care – What’s the team approach to the treatment of PAD? Speaker NY Podiatry Show, January 2011
17. Moderator – General Medical Therapeutics / CV Risk factor Management. Vascular Medicine and Intervention IV Conference, December 2010
18. Current Indications for Vascular Screening by Territory: Guidelines and Recommendations. AAA. Presented at Vascular Medicine and Intervention IV Conference, December 2010
19. Current Indications for Vascular Screening by Territory: Guidelines and Recommendations. Renal Artery Disease. Presented at Vascular Medicine and Intervention IV Conference, December 2010
20. Predictors of Outcomes in Patients with Asymptomatic Carotid Stenosis. Presenter, Vascular Medicine and Intervention IV Conference, December 2010
21. Decision Making in the Vascular Patient; Renal and Visceral. Moderator, Vascular Medicine and Intervention IV Conference, December 2010
22. Outcomes of Interventional Management for Ischemic Nephropathy and Cardiac Syndromes. Presenter, Vascular Medicine and Intervention IV Conference, December 2010
23. Ischemic Leg Conference Holy Name Medical Center – Speaker on Pathophysiology and Treatment Options. December 2010
24. Renal Intervention: New Devices Workshop. Presenter at VEITH/AIM November, 2010
25. Renal Artery Stenosis: Medication, Mechanical Intervention or Both. Presented at TCT, September 2010
26. Iliac and SFA Intervention. Moderator at TCT, September 2010
27. Endovascular Interventions: Open Issues in Endovascular Interventions – Moderator. TCT, September 2010
28. Incontrovertible Reasons for Renal Artery Stenting. Presented at TCT, September 2010
29. Management of Critical Limb Ischemia. Presented to Hudson/Essex/Union Counties DO Societies, September 2010
30. Epidemiology, Natural History and methods of Diagnosis. Presented at VIVA, October 2010

31. Intervention of Iliofemoral DVT. Presented at VIVA, October 2010
32. Drip, Spray, Aspirate, Blenderize or Buzz: Does Technique Make a Difference in DVT Thrombolysis. Presented at VIVA, October 2010
33. Do It with Liquid: Sclerotherapy of Spider and Saphenous Venins. Presented at VIVA, October 2010
34. Renal Atherembolism: Embolic Protection. Presented at Complex Coronary and Vascular Cases 2010, NY, NY, June 2010
35. Renal Case Vignette and Iliac Case Vignette. Presented at SIR, March 2010.
36. Practice Development – Freestanding IR Practice: Using Hospital Coverage Contracts to Help Fund the Opening of a Free Standing Interventional Radiology Center. Partnering with Other Entities to Open a Free Standing Interventional Radiology Practice. Presented at SIR, March 2010.
37. SVC Syndrome. Presented at CRF, February 2010.
38. Class Differences and Complications between IVC Filters. Presented at CRF, February 2010.
39. When to Use CTA and MRA for Renovascular Disease. Presented at ACCF, February 2010.
40. Renal Stents for Ischemic Nephropathy: The Evidence Base. Presented at ACCF, February 2010.
41. AAA Screening/Imaging/Diagnosis. Presented at ACCF, February 2010.
42. Carotid Artery Imaging Studies: Appropriate use of CTA and MRA. Presented at ACCF, February 2010.
43. Targeted Medical Therapy for Peripheral Arterial Disease. Presented at Vascular Medicine and Intervention III Symposium, December 2009.
44. Interventional Management of Renal Artery Stenosis – Who Benefits. Presented at Vascular Medicine and Intervention III Symposium, December 2009.
45. Asymptomatic Carotid Stenosis-Medical Therapy First? Presented at Vascular Medicine and Intervention III Symposium, December 2009.
46. Peripheral Arterial Occlusive Disease: Perspectives on Diagnosis and Treatment – Spectrum of Disease and Treatments Options presented at RSNA, December 2009.
47. Status of the TACIT Trial: Will we ever know the truth about how asymptomatic patients with carotid stenosis should be treated? Will the stimulus package save the day for TACIT? Presented at VEITH/AIM Conference, November 2009.
48. State of the Art in protecting renal function with angiographic procedures that require contrast. Presented at VEITH/AIM Conference, November 2009.
49. Improving renal perfusion during contrast studies may help preserve renal function in patients with renal insufficiency. Presented at VEITH/AIM Conference, November 2009.
50. Renal Artery Disease Management with an emphasis on endovascular approaches at Ohio State University College of Medicine
51. Procedural Techniques to Optimize Acute Safety & Long Term Outcomes of DeNovo and Restenotic Renal Artery Stenting. Presented at TCT 2009
52. Renal Artery Stenting: A Critical Review of the Data and US and Interventional Guidelines. Presented at TCT 2009
53. Pro: Controversies in Carotid Stenting. Presented at TCT 2009
54. How to manage severely calcified SFA disease: Rules of engagement and case reviews. Presented at the CICT Conference, July 2009

55. Aortic Stent Grafts: The effects of design on technical performance. Presented at the CICT Conference, July 2009
56. How to Manage Delayed EVAR Complications: Case reviews. Presented at the CICT conference, July 2009.
57. Embolization Therapy: Indications, Tools and Techniques. Presented at the CICT conference, July 2009
58. PAD: Current Diagnostic Strategies – Vascular Laboratory and Axial Imaging. Cardiovascular Research Technologies, Washington, D.C., March 2009
59. Infrapopliteal Endovascular Interventions: What is the Modern Data? Cardiovascular Research Technologies, Washington, D.C., March 2009
60. Thoracic Aortic Pathology: Strategies for Diagnosis. Cardiovascular Research Technologies, Washington, D.C., March 2009
61. Renal Artery in Stent Restenosis: How to Handle? Cardiovascular Research Technologies, Washington, D.C., March 2009
62. What Will it Take to Shift the Treatment of Iliofemoral DVT to Intervention? Cardiovascular Research Technologies, Washington, D.C., March 2009
63. Non-invasive Angiography for limbs: CTA vs. MRA. American College of Cardiology Foundation (ACCF) – The Clinical Practice of Peripheral Arterial Disease: Key Components for Cardiovascular Specialists. Washington, D.C., February 2009
64. Invasive Angiography for lower extremity diagnosis. ACCF. Washington, D.C., February 2009
65. ALI: ACC/AHA Guideline Review. ACCF. Washington, D.C., February 2009
66. Renal non-invasive angiography: CTA vs. MRA. ACCF. Washington, D.C., February 2009
67. Renal stents for ischemic nephropathy: the evidence base. ACCF. Washington, D.C., February 2009
68. AAA screening/imaging/diagnosis. ACCF. Washington, D.C., February 2009
69. Treatment of Chronic Total Occlusions. New England Society of Angiography and Interventional Radiology. February, 2009
70. Optimizing and Protecting Renal Function in Angiographic Procedures. ISET, Hollywood, FL, January 2009
71. Current Status of Stenting, Recent CMS Decisions. ISET, Hollywood, FL, January 2009
72. SIR Webinar: The Scientific Evidence for PAD Interventions. New York, NY, Dec 2008
73. Peripheral Arterial Occlusive Disease: Perspectives on Diagnosis and Treatment Spectrum of Disease and Treatment Options. RSNA, Chicago, Dec 2008
74. Integrated Science to Practice: Vascular / Interventional Keynote Speaker – PAD Interventions. RSNA, Chicago, Dec 2008
75. Hemodialysis Access – Distal radial artery access is best. AIM 2008, NYC, Nov 2008
76. RAS: We don't know the answers yet and a prospective randomized trial is needed. AIM 2008, NYC, Nov 2008
77. What is the status of TACIT? Will it ever be done? VEITH 2008, NYC, Nov 2008
78. Balloon Occluded Retrograde Transvenous Obliteration of Varices: An underutilized IR procedure. AIM 2008, NYC, Nov 2008
79. Global Management of Critical Limb Ischemia – Team Components and Wound Care. VIVA 2008, Las Vegas, NV, Sept 2008

80. Does the CORAL Trial really matter and can we really wait for those results? VIVA 2008, Las Vegas, NV, Sept 2008
81. Status of Renal Artery Intervention. PACES 2008, Bridgewater, NJ, Sept 2008
82. Chronic Limb Ischemia: State of the Art. PACES 2008, Bridgewater, NJ, Sept 2008
83. Renal artery stenosis and cardiovascular risk. Vascular Medicine and Intervention 2 (VMI2), Newark, NJ, April 2008
84. Carotid artery stenting in asymptomatic patients. Vascular Medicine and Intervention 2 (VMI2), Newark, NJ, April 2008
85. Update on the current use of IVC filters in 2008. American College of Cardiology I2 Summit, Chicago, IL, March 2008
86. Super absorbent polymers for embolization of tumors in the liver. International Symposium on Endovascular Therapy, Hollywood, FL, January 2008
87. New Ways of Preventing Contrast-induced Nephropathy in Intervention. International Symposium on Endovascular Therapy, Hollywood, FL, January 2008
88. Drug Absorbing and Drug Eluting Beads for Cancer Embolization – is there a role? Advanced Interventional Management Meeting, New York, NY, November 2007
89. Renal Interventions: New Techniques Workshop. Advanced Interventional Management Meeting, New York, NY, November 2007
90. The Transatlantic Asymptomatic Carotid Intervention Trial (TACIT): What is the Status and Will This Ever Get Funded? VEITH Meeting, New York, NY, November 2007
91. EPD's for renal procedures -- where do we stand? ACE meeting, New York, NY, October 2007
92. Medicare Coverage for Renal Stenting: Carotid Redux? Transcatheter Cardiovascular Therapeutics, Washington, D.C., October 2007
93. My worst outcomes: endovascular strategies. Transcatheter Cardiovascular Therapeutics, Washington, D.C., October 2007
94. Targeted Medical Treatment Goals and Initial Management in the Claudicant with SFA Disease. SIR Multimodality PAD Meeting, Washington, D.C., October 2007
95. Role of EPD's for Renal Procedures. SIR Multimodality PAD Meeting, Washington, D.C., October 2007
96. Natural History of Asymptomatic Carotid Artery Stenosis. SIR Multimodality PAD Meeting, Washington, D.C., October 2007
97. Embolic Protection in Renal Artery Interventions: Breakthrough or Bust? VIVA 2007, Las Vega, NV, Sept 2007.
98. Drug-eluting Stents, Bioabsorbable stents, Drug-coated Balloons and Local Drug Delivery: Are These Ever Going to Play a Role? VIVA 2007, Las Vegas, NV, Sept 2007.
99. Renal Artery Revascularization – Techniques and Tips. Dialog Session. VIVA 07. Las Vegas, NV, Sept 2007.
100. Radiofrequency Ablation of Lung Neoplasms. Presented at the University of Cincinnati Annual Symposium on Lung Cancer, Cincinnati, Ohio, September 2007
101. Neuroanatomy for the Interventionalist. Presented at the NJ Annual Carotid Endovascular Symposium, New Jersey, March 2007.
102. Acute Thrombus Management in Arteries and Veins: Essential Catheters, Filters and Lytic Strategies for the Interventionalist. Presented at American College of Cardiology Annual Meeting I2 Summit, New Orleans, LA, March 2007.

103. Intervention for Venous Thromboembolism. Presented at American College of Cardiology Annual Meeting I2 Summit, New Orleans, LA, March 2007.
104. Radiofrequency Ablation of Lung Neoplasms. Visiting Professor Lecture, Jefferson University Medical Center, Philadelphia, PA, March 2007.
105. Renovascular Disease: Emerging Paradigms in Diagnosis and Treatment. Visiting Professor Lecture, North Shore Long-Island Jewish Healthcare Network, NY, January 2007.
106. Distal Protection during Renal Artery Stenting: Always, Sometimes or Never? Presented at the International Symposium for Endovascular Therapy, Hollywood, FL, January 2007.
107. Renal Artery Stenosis and Cardiovascular Risk: A New Paradigm. Presented at the International Symposium for Endovascular Therapy, Hollywood, FL, January 2007.
108. Renal Interventions Case Review Workshop. Presented at the International Symposium for Endovascular Therapy, Hollywood, FL, January 2007.
109. Update on the CORAL Trial. AIM meeting, November 2006, NYC, NY
110. Renal Artery Intervention Workshop. AIM meeting, November 2006, NYC, NY
111. Preventing contrast-induced nephropathy: a new tool for an old problem. AIM meeting, November 2006, NYC, NY
112. Renal stenting trial update (completed and ongoing): evidence based medicine. TCT2006. Washington, DC, October 2006
113. When (or whether) to consider protected renal artery stenting. TCT2006. Washington, DC, October 2006.
114. DES and Embolic Protection for Renal Artery Intervention: Is it Worth the Trouble and Expense? ACE Oct 2006, New York, NY
115. Renal Artery Stenting: How To Do It in 2006. ACE Oct 2006, New York, NY
116. Embolic protection in renal artery intervention: is this really necessary? VIVA 2006, Las Vegas, September 2006
117. Vena Cava Filters: New Devices Mean Retrievable for All? VIVA 2006, Las Vegas, September 2006
118. Long Segment (TASC D) SFA stenting is NOT inferior to bypass surgery – Hot Debate IV. VIVA 2006, Las Vegas, September 2006
119. CT and MRA for peripheral vascular disease. Peripheral Arterial Disease Training. June 2006. NYC
120. Stent-Grafts: Balloon expandable and self expanding. Peripheral Arterial Disease Training. June 2006. NYC
121. Renal and Mesenteric Intervention. Peripheral Arterial Disease Training. June 2006. NYC.
122. Distal Protection. ISET 2006. January 2006.
123. Cost Effectiveness of Femoral Intervention: ISET 2006. January 2006, Miami FL
124. Renovascular Interventions. ISET 2006. January 2006, Miami FL.
125. Renovascular Interventions Workshop Coordinator. 13th Annual Advanced Interventional Management (AIM) Symposium, NYC, November 2005
126. Systemic Administration of Nanoparticle Paclitaxel: A Novel Approach To Preventing Restenosis. Presentation at the 13th Annual Advanced Interventional Management Meeting, NYC, November 2005

127. Update On The CORAL Trial: Renal Angioplasty With Protection Versus Medical Management. Presentation at the 13th Annual Advanced Interventional Management Meeting, NYC, November 2005
128. What Kind of Benefits Can Be Expected from Renal Artery Stenting?. Presentation at Transcatheter Cardiovascular Therapeutics (TCT), Washington, D.C., October 2005
129. Nanoparticle Paclitaxel Assisted Revascularization of the SFA. Presentation at Transcatheter Cardiovascular Therapeutics (TCT), Washington, D.C., October 2005
130. Embolic Protection in Renal Artery Interventions. Presentation at the 3rd Annual Vascular Interventional Innovations Meeting, Las Vegas, NV September 2005
131. Common, Yet Avoidable Complications – presentation of a case of geniculate pseudoaneurysm during tibial intervention. Presentation at the 3rd Annual Vascular Interventional Innovations Meeting, Las Vegas, NV September 2005
132. Renal Stenting with Distal Protection. Presented at the 8th Annual Live Symposium of Complex Coronary and Vascular Cases, N.Y., June 2005
133. Moderator, Scientific Session – Interventional Radiology: Hepatic Interventions. American Roentgen Ray Society, May 2005
134. Update on Renal and Peripheral Revascularization. Presentation at the American Roentgen Ray Society, May 2005
135. Is there a role for embolic protection in renal interventions? Plenary presentation at 30th Annual meeting of SIR, New Orleans, April 2005
136. Peri/Intra procedural Medication in the Vascular Patient. Categorical presentation at the 30th Annual meeting of SIR, New Orleans, April 2005
137. Renal Interventions. Invited speaker at 2005 AVIR Annual meeting, New Orleans, April 2005
138. Renovascular Interventions. Workshop faculty at the 30th annual meeting of SIR, New Orleans, April 2005
139. “Outcomes in patients failing femoral angioplasty” Invited commentary, 30th annual meeting of SIR, New Orleans, April 2005
